

LONI PIPELINE DEMO DAY

Software Training Event
followed by Ice Cream Social

Friday October 2nd, 2015
9:00 A.M. - 12:00 P.M.

Rosen Family Screening Theatre, TCC 227
Tutor Campus Center, University Park Campus

BIG DATA ANALYSIS

using the LONI Pipeline

This informative event will feature the use of leading scientific workflow methods of particular interest to those USC faculty, students, and staff interested in large-scale biomedical analytics. Specific examples will be drawn from neuroscience and from genetics. Join us to see how these free software tools can enhance and streamline your own efforts using 'big data'.

Sponsored by LONIR P41EB015922 and BDDS U54EB020406
